WHAT YOU NEED

What Drives Case Value

- 1 Case value** — medical treatment that builds a stronger damages record
- 2 Documentation** — causation language that withstands defense scrutiny
- 3 Speed** — faster treatment means faster resolution and faster fees
- 4 Reliability** — a facility that won't embarrass you in front of a client
- 5 Lien / LOP** — you don't want to advance costs out of pocket

"Your clients get fast, quality surgery. The record we produce will support your case. **take the lien — you don't advance costs**
